*This ballot from the round between Northwood A and Wesleyan A was found to be mistabulated. Upon further examination, Tab concluded that the Defense won this ballot by 3 points. Because this error was brought to Tab's attention after the conclusion of the tournament (and thus after the 30-minute review period for Round 3), Tab cannot retroactively change Round 4 pairings or final team rankings. However, Tab would like to recognize Northwood A for an outstanding performance at the tournament. Had all else been equal, Northwood A would have finished the tournament with 6 Wins and a CS of 18.

Notes:

[1] Each scoring judge was asked to answer, at the bottom of their blue ballot, this question: *Which team put on the better performance?* Their answer to this question constitutes their "judge's choice."

[2] Six ballots (five won by the Defense, one by the Plaintiff) did not contain a judge's choice. One judge, even after having his ballot sent back, still refused to choose a team and wrote "HUNG JURY."

[3] The figures above are calculated using ballot data from both divisions.

[4] Raw data can be downloaded at https://app.box.com/v/judgeschoice2018yale.
