

MEMORANDUM

To: Invitational Tournament Hosts
From: AMTA Civil Case Committee, AMTA Analytics Committee
Date: October 1, 2018
Re: Ensuring Case Balance

The AMTA Civil Case Committee wants to ensure that each of the various choices teams have is being used with at least modest frequency. To that end, we hope that you will help us collect some basic data for your tournament in accordance with AMTA's Intellectual Property policy. The requested information is neither team- nor round-specific, so no team will have its strategy compromised. The information also will be published at the end of the fall invitational season, so all teams can benefit equally from the information.

Data collection is easy. At the end of the Round 1 and 2 captains meetings,¹ please collect the Captains' Meeting Forms and use the forms to answer the following questions.

Please email the completed form to amta.ip@collegemocktrial.org. Thank you for helping to ensure the success and balance of AMTA's (first) 2018-19 case!

¹ We are not collecting data from Rounds 3 and 4 because those rounds can be more hectic for the tabroom, and we wish to make this process as painless as possible. If you would like to provide that information, however, we would be thrilled to receive it!
